

Indirect LED luminaire for gridding ceilings 600 x 600 from the TROLL family SoftLight.

DESCRIPTION

Indirect LED luminaire for gridding ceilings 600 x 600 from the TROLL family SoftLight with stable color temperature of 4000° K (neutral white) optimized for an effective general lighting of offices, schools, hospitals, commercial spaces, or architectural and equipped with an innovative thermal balance through passive cooling. Designed for ceiling recessed installation. The body of the luminaire is made of steel sheet with white finish. The luminaire is IP20. The luminaire sets a micro-prismatic polycarbonate diffuser with an beam angle of 90° and UGR<19. Luminaire uses a 17,4 W LED light source with a color reproduction higher than 80% and a chromatic dispersion of 3 SMDC. The luminaire has a luminous flux of 2143 Lm, with a luminous efficiency of 1119 Lm / W (energy class A++), consuming a total power of 18 W. The useful life of the luminaire is 60000 h (established at a limit luminous flux of 80% L80B10). Luminaire is equipped with integrated DALI dimmable electronic control gear equipment fed at $220\text{-}240\mathrm{V};\,50/60\;\mathrm{Hz}$

| Item code | 11.1805.2403.33 |
|---------------------------|---|
| Product type | IN |
| Category | Recessed Luminaires |
| Family | Softlight |
| Subfamily | Softlight |
| Materials | Luminaire housing made of steel sheet, coated with powder paint resistant to UV. |
| Optical system | Optical system - micro prism diffuser made of polycarbonate. |
| Installation instructions | Luminaire designed for recessed installation in gridding ceilings. By using accessory 007/6060 can be installed in plaster ceilings also. |
