**Inground luminaire from the TROLL family Small-up.**

## DESCRIPTION

Inground luminaire from the TROLL family Small-up setting an advanced and innovative thermal balance system through passive dissipation with stable colour temperature of 3000° K (warm white) optimised to be used as flush floor lighting and beaconing of passing areas in indoor and outdoor installations. Designed for inground installation. Body built in die-cast aluminium with the frontal made of tempered glass and stainless steel finished in Polish steel. Luminaire is IP65 and IK10. Luminaire built-in an two flush beam system with an angle beam of flush floor lighting. Luminaire sets a 3 W LED source with CRI higher than 85 % and a chromatic dispersion lower than 3 MCD. Fixture has a luminous flux of Lm, with an efficiency of Lm/W and a total consumption of 3 W. The average life for the luminaire is 35000 h (stabilised at a minimum flux of 70 % from the original). Luminaire built-in an auxiliary gear ON/OFF fed at 220-240V; 50/60 Hz.

## Product

|                       |                    |
|-----------------------|--------------------|
| Real power (W)        | 3                  |
| Life time (h)         | 35000              |
| IP                    | 67                 |
| IK                    | 10                 |
| Operating temperature | from -20°C to 35°C |
| Electrical feeding    | 220..240V, 50/60Hz |
| Colour                | Stainless steel    |

## Control gear

|                       |                         |
|-----------------------|-------------------------|
| Control gear included | Yes                     |
| Control gear          | Electronic Control Gear |
| Factor de potencia    | 0,9                     |

### Light source

|                               |             |
